Full-Stack Developer

anmolsrivastava678@gmail.com

Fatehpur, UP

SUMMARY

My primary objectives are to continue to explore, develop and enjoy the challenge of design and technological advancements, to seek perfection, and to expand my creative capacity in a professional style. I'm curious to understand people and I'm driven to create great products for them. I believe that design is not only about problem-solving or enhancing user experience but also something which people can connect to emotionally.

PROJECTS

YouTube Clone WebApp

- Tech Stack : React JS, Tailwind CSS, Rapid API
- Description : Real-time video streaming clone with live server access. Provides seamless browsing, like tracking, and enhanced user experience.
- **Features:**
 - Instant video streaming from live server.
 - Intuitive video browsing and like tracking.
 - Responsive design for mobile devices.
 - Utilizes state management for seamless UI updates.
- Github: <https://github.com/Bruh78/YT-Clone-by-React-JS--and-Rapid-API>
- Demo: <https://yt-clone-anmol.netlify.app/>

Online IDE - CodePencil

- Tech Stack : React JS, Material UI
- Description : Online code editor with React UI for writing, editing, and testing code, ensuring reliability and minimizing bugs in execution.
- **Features:**
 - Real-time code execution with instant feedback.
 - Syntax highlighting and code autocompletion for enhanced productivity.
 - Version control integration for collaborative coding and project management.
- Github: <https://github.com/Bruh78/CodePencil-React-Js>
- Demo: <https://codepenbyanmol.netlify.app/>

Chat App - Chit-Chatter

- Tech Stack : HTML, SCSS, JavaScript, Node.js, Express.js, Socket.io
- Description : Developed real-time chat app with Socket.io for seamless user communication. Crafted UI with HTML, SCSS, and utilized JavaScript for enhanced functionality.
- **Features:**
 - Real-time Communication: Seamless messaging via Socket.io.
 - Intuitive UI: HTML and SCSS for user-friendly design.
 - Enhanced Functionality: JavaScript powers dynamic features.
 - Collaborative Development: Teamwork and problem-solving showcased.
